

K-Hof – Kammerhofmuseum – The “Kammerhof” - home and site of the powerful salt-authority-men - Since 2008 the “K-Hof-Museum” is located in the “Kammerhof” building and houses the unique sanitary museum “Klo&So”.

4

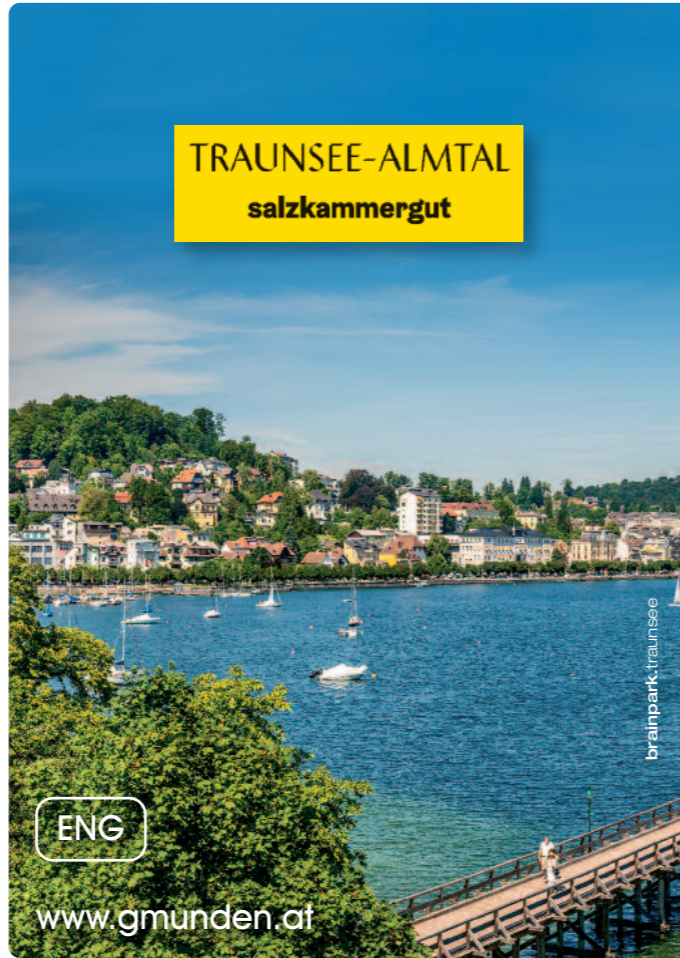

5

The “Gisela” Paddlesteamer – The “grand old lady”, how she is often called, cruises the waves of lake “Traunsee” as the only national heritage-protected boat in Austria.
Hours of operation: July until beginning of September every Sunday.

6

City Theatre – 1871/72 a representative theatre building was established, which offered a great variety of operas, operettas, dramas and comedies. The city theatre is home to the “Salzkammergut Festwochen” and extensive theatre productions.

1

Town Hall – The town hall is located on the “Townhall Square” and houses the ceramics chime, which was crafted in the unique “flowery green” style by the world-famous china-manufacturer “Meißen”.

2

Parish Church – The most valuable component of the parish church is the high altar created by Thomas Schwanthaler (the only Three Kings altar in Austria). The Virgin of Mercy made of ceramics, which is located above the right side entrance to the church is known as an appreciation symbol for the preservation of damages in Gmunden during WWII.

3

Salt-Bearer-Well – The well is located on the “Rinnholzplatz” and it is the only well in Austria made of ceramics. It depicts the profession “salt-bearer”.

Tour bus information

Attractions, bus parking and bus stops in Gmunden

Lake Castle Ort

The lake castle, which was built on a small island and is connected to the mainland through a 120 metre long bridge, became both, a famous tourist attraction known far beyond Austrian borders and an admired wedding and event venue, through the very popular TV-series "Schlosshotel Orth".
